He rode up the slope and drew rein beyond the burning buildings just ahead of those foremost in the pursuit. He threw his horse across the road to oppose their progress, rose in his stirrups and waved the paper over his head. "Stop!" he roared. "Give me one minute! Stop!" He had a grand voice, and he was known in many parts of the state for the great bass roar with which he startled his juries. To be heard at a distance most men lift the pitch of their voice. Smith lowered his an octave or two, and the result was like an earthquake playing an organ in a catacomb.

"Stop!" he thundered. "Stop!" In answer one of the flying Cross-roads turned and sent a bullet whistling close to him. The lawyer passed long enough to bow deeply in satirical response; then, flourishing the paper, he roared again: "Stop! A mistake! I have news! Stop, I say! Horner has got them!"

To make himself heard over that tempestuous advance was a feat; for him, moreover, whose counsel had so lately been derided, to interest the pursuers at such a moment enough to make them listen—to find the word was a greater, and by the word and

Often leads to poverty. No real woman ever sold her heart for life.

But many a woman who has gladly faced poverty for the man she loved, may well doubt her wisdom when pain becomes the mate of poverty. If she were rich, she thinks, she could find a way of cure. Dr. Pierce's Favorite Prescription is within the reach of every one. It lifts the burden of pain which weighs down those who suffer from womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"You have my heartfelt thanks for your kind advice to me," writes Mrs. Geo. Fletcher, of 106 Victoria Avenue, Galt, Ontario. "I was troubled with catarrh of uterus for over a year. The doctors said I would have to go through an operation, but I commenced to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' also his 'Lotion Tablets' and 'Antiseptic and Healing Suppositories.' Now I am completely cured, after using six bottles of Dr. Pierce's medicines. I am glad to say my medicine has made me a new woman."

Weak and sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

by gestures at once vehemently imperious and imploring to stop them was a still greater. But he did it. He had come at just the moment before the moment that would have been too late. They all heard him. They all knew, too, that he was not trying to save the Crossroads as a matter of duty, because he had given that up before the mob left Plattville. Indeed, it was a question if at the last he had not tacitly approved, and no one feared indictments for the day's work. It would do no harm to listen to what he had to say. The work could wait. It would "keep" for five minutes. They began to gather around him, excited, flushed, perspiring and smelling of smoke. Hartley Bowdler, won by like's desperation and intrepidity, was helping the latter tie up his head. No one else was hurt.

"What is it?" they clamored impatiently. "Speak quick!" There was another harmless shot from a fugitive, and then the Crossroads, diving that the diversion was in their favor, secured themselves in their decrepit fastnesses and held their fire. Meanwhile the flames crackled cheerfully in Plattville eaves. No matter what the prosecutor had to say, at least the Skillet saloon and homestead were gone, and Bob Skillet and one other would be sick enough to be good for awhile. "Listen!" cried Warren Smith, and, rising in his stirrups again, read the

missive in his hand, a Western Union telegraph form. "Warren Smith, Plattville," was the direction.

Found both shell men. Police familiar with both, and both wanted here. One arrested at noon in second-hand clothes store wearing Harkless' hat; also trying to dispose torn full dress coat known to have been worn by Harkless last night. Stinson lying believed blood. Second man found later at freight yards in empty lumber car left Plattville 1 p. m., badly hurt, shot and bruised. Supposed Harkless made hard fight. Hurt man taken to hospital unconscious. Will die. "Other man refuses to talk so far. Check any movement Crossroads. This clears Skillet, etc. Come over on 9:15 accommodation."

CAUGHT IN HIS OWN TRAP.

—New York Press.

The telegram was signed by Horner, the sheriff, and by Barrett, the superintendent of police at Rouen.

"It's all a mistake, boys," the lawyer said as he handed the paper to Watts and Parker for inspection. "The ladies at the judge's were mistaken, that's all, and this proves it. It's easy enough to understand. They were frightened by the storm, and watching a fence a quarter of a mile away by flashes of lightning any one would have been confused and imagined all the horrors on earth. I don't deny but what I believed it for awhile, and I don't deny but the Crossroads is pretty tough, but you've done a good deal here already today, and we're saved in time from a mistake that would have turned out mighty bad. This settles it. Horner got

a wire to go soon as they got track of the first man. That was when we saw him on the Rouen accommodation." A slightly cracked voice, yet a huskily timely one, was lifted quaveringly on the air from the roadside, where an old man and a yellow dog sat in the dust together, the latter replete at the last moment, his surprised head rakishly garnished with a hasty wreath of dog fennel daisies.

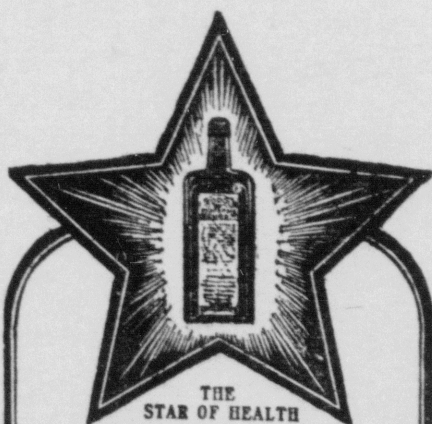

"John Brown's body lies a-moldering in the ground, While we go marching on."

Three-quarters of an hour later the inhabitants of the Crossroads, saved, they knew not how; guilty, knowing nothing of the fantastic pendulum of opinion which, swung by the events of the day, had marked the fatal moment of guilt now on others, now on them who deserved it—these natives and refugees, conscious of atrocity, dumfounded by a miracle, thinking the world gone mad, hovered together in a dark, ragged mass at the crossing corners, while the skeleton of the rotting buggy in the slough rose behind them against the face of the west. They peered with stupefied eyes through the smoky twilight.

From afar, faintly through the gloaming, came mournfully to their ears the many voiced refrain, fainter, fainter:

"John Brown's body lies a-moldering in the ground, John Brown's body lies a-moldering in the ground, \* \* \* \* \* We go march \* \* \* on."

## LAND OPERATIONS

It Is Believed That a Battle Between Land Forces Is Imminent.

## PLAN OF JAP CAMPAIGN

Main Army to be Landed at New Chwang Which Is to be Made Base of Operations.

From This Point the War Will be Fought Out on the Plains of Manchuria.

London, March 24.—The stringent Japanese censorship is likely to be relaxed early in April says the Daily Telegraph's Seoul correspondent. This coincides with the numerous indications of the imminence of land operations.

In the meantime the veil has not lifted and not a word has yet issued, either officially from Japan or unofficially from any other source, concerning the last bombardment of Port Arthur. The Times this morning prominently publishes an opinion of a correspondent that Japan will land her main army at New Chwang, which will be formed into a magnificent base and that she also probably will seize Hai-Cheng (15 miles east on the railroad) as an additional base, and that, without seriously attacking either Port Arthur or Vladivostok, the war will be fought out on the plains of central Manchuria. It is almost certain, in the correspondent's opinion, that the war will be a long one and at the worst Japan will retain a way to retreat overland into Korea. If she secures New Chwang, he says, her prestige will be established and, he adds, that the waterways of southern Manchuria will be of inestimable value in somewhat counterbalancing the weakness of Japan in her cavalry.

## JAPANESE DIET

Special Session Enters on Business for Which It Was Called.

Tokio, March 24.—The special session of the diet has entered upon the business for which it was called. Premier Katsura and Minister of Foreign Affairs Komura addressed the house. The premier said the diet had been summoned at an unparalleled moment in the annals of the country. He counted it a great honor to share with the members of the diet the duty of upholding the noble policy of the emperor. The maintenance of the permanent peace of the Orient by the confirmation of the position of the emperor and by promoting friendly relations with the great powers respecting the legitimate rights of the powers, he said, was the established policy of Japan. Continuing he said: "Russia not only failed to meet the Japanese proposals but definitely resorted to actions calculated to injure the natural rights of Japan. Japan was compelled, in self-defense, to terminate negotiations and take independent action."

He was confident the world would recognize the justice and patience uniformly exercised by Japan in carrying forward the negotiations. He was anxiously desirous for peace, mindful of the woeful consequences which war brings to mankind. Minister of Foreign Affairs Komura placed before the house the full text of the diplomatic correspondence with Russia, commencing with the opening of negotiations in July last, and ending with instructions to Minister Kurino to withdraw from St. Petersburg. The substance of the correspondence has already been made public.

## Helpful Russian Women.

Vladivostok, March 24.—While the situation here remains quiet, it is not expected that Vladivostok will continue to be much longer free from the vigorous operations of the Japanese. In anticipation of the appearance of the enemy and of a possible siege, a ladies' circle has been formed which sits six hours daily at the ministry of marine preparing bandages of linen for sick soldiers and sailors. Most of the women in Vladivostok belong to this circle, including the representatives of the aristocracy, who have determined to share the discomforts of the operations with their husbands.

## St. Petersburg Is Complacent.

St. Petersburg, March 24.—As no further dispatches, official or otherwise, have arrived here from Port Arthur, the officials have come to the conclusion that the bombardment by the Japanese fleet on the night of March 21 and the morning of March 22 failed to cause any damage considerable worthy to be reported to the emperor. In consequence considerable satisfaction at the continued fruitlessness of the Japanese assaults on Port Arthur prevails in high circles.

## An Official Denial.

St. Petersburg, March 24.—The reports printed in Europe and the United States to the effect that a state of siege, such as has been proclaimed in Siberia and in Saratoff province, southeastern Russia, (through which the Siberian railroad runs) will be extended to the whole of European Russia, is officially declared to be absolutely false. No

such measure has even been contemplated, it being considered quite unnecessary.

## Result Still in the Dark.

St. Petersburg, March 24.—Two belated press dispatches dated Mukden, March 22, have been received. They refer briefly to the last bombardment of Port Arthur, but shed no new light on the result of the combat. The Novosti holds that the failure of this bombardment, despite the different disposition of the enemy's ships from that of the fruitless attack of March 9th, confirms the opinion of the inability of the Japanese to effectively conduct war.

## Putting Down the Ton Haks.

Seoul, March 24.—The Ton Haks are giving trouble in the northeastern part of Korea and are making overtures to the Russians. A detachment of Japanese from Gensan engaged a body of Ton Haks near Samung with the result that 24 of the Ton Haks were killed or wounded and 35 were captured.

## RACE WAR IN SIGHT

Three Negroes Killed by Posse and Reprisals Are Feared.

Dewitt, Ark., March 24.—Three negroes were killed in a battle between blacks and whites at St. Charles, this county. A posse of deputy sheriffs was engaged in a search for two negroes who had seriously wounded two white men in a fist fight at St. Charles and while passing through a section of woodland they were fired at from a thicket by a party of negroes. The whites returned the fire and instantly killed Garrett Flood, Will Madison and Will Baldwin.

The tragedy has greatly aroused the community and further trouble is feared. A posse has left here for St. Charles.

## Hubbard's Death Confirmed.

Williamstown, Mass., March 24.—The report of the death of Leonidas Hubbard, Jr., assistant editor of Outlook magazine, while on an exploring expedition in Labrador, has been confirmed in a letter received by relatives of A. Dillon Wallace, a former Williamstown man, who is the surviving white man of the party. The letter was written by Wallace at Northwest river in December, nearly two months after the death of Hubbard, and it tells of his death and of the narrow escape of Wallace.

## Ran Into Open Bridge.

Maysville, Ky., March 24.—The bodies of two unknown men were found on the Bentonville pike about twelve miles northeast of this city. Near them was found the wreck of an automobile. Heavy rains had washed out the bridge which was hid by a sharp turn in the road and they evidently ran into the vacant space. One of the men had a bible in his pocket and letters addressed to Joe Day, Maysville, Ky. The other had letters addressed to Dr. Giffilen, New Richmond, O.

## Chinaman Wants to Know.

Jacksonville, Fla., March 24.—Quong Gong, one of the Chinamen ordered deported by Commissioner Archibald last week, has sued out a writ of habeas corpus before Judge J. W. Locke, of the United States district court. His attorneys argued for his release on the grounds that the act of congress is unconstitutional as it requires a Chinaman being in the United States to establish proof of citizenship and heretofore is contrary to the fourteenth amendment.

## MARION COUNTY CAMPAIGN Indianapolis Republicans are Getting Busy in Earnest.

Indianapolis, March 24.—Republicans in this county are beginning to get busy in earnest. The fact that the county convention will probably be held within two months is the cause for the awakening. There are scores of candidates for the offices to be filled and the applicants for places on the ticket are getting in their work. This activity is very discouraging to the Democrats. For weeks before the committee was reorganized the Democrats talked of a great split in the Republican ranks and boasted of what this break would allow them to do. When the committee was reorganized harmoniously, however, and the very men who had fought each other for chairman went on the committee together as officers the talk had to stop. Since the election of Col. Smith as county chairman things have been getting brighter for the Republicans all the time. The Democrats expected there would be divisions but forces have come together and are working in many instances for the same candidates. There never was a time in the history of the county when there were more candidates for offices or when better men presented themselves as candidates. If this is any criterion of the chances of success, and it usually is considered as such, then there can be no doubt that the Republicans are booked for a big victory in November.

The color line has again been drawn in Indianapolis and the question of the relation of the races has been brought up at Shortridge high school where so much disturbance was caused some time ago by the refusal of a white boy to sit in a double seat with a negro girl. This time the trouble is over the fact that a colored lad won the primary oratorical contest and with it the honor of representing Shortridge at the coming meeting of the state high school oratorical association. In a contest with five other competitors, white boys, Samuel Taylor, a genuine colored youth, easily bested the crowd. The victory of the negro lad was not considered as fitting to the dignity of the school. When the decision was announced there were hisses for the boy. Now that the question of working up a crowd to attend the contest has been taken up the fact that the Shortridge orator is a negro is being used with telling effect to keep the enthusiasm down. Many of the pupils have taken the stand that the school should not support Taylor on account of his color. Other better-minded students are supporting him loyally, but despite their efforts to line up the school to make a demonstration for Taylor the sentiment seems to be that Taylor should be ignored.

The withdrawal of Dr. Scot Butler from the management of affairs at Butler college in this city has made a big impression on the minds of the present students at the university and on hundreds of loyal alumni members who remember Dr. Butler as a man to whom they owe great things. Dr. Butler has been at the head of the institution so long that he has seemed to be the college. There is no student who ever attended the institution who does not have the kindest feelings for him. As evidence of the high esteem in which President Butler is held by all who have come in contact with him through the college he was presented with a beautiful loving cup yesterday when he delivered his valedictory address. The ceremonies while simple were impressive and every person who attended the chapel meeting left feeling that the university has suffered a great loss. Every one is looking forward, however, to a continuance of prosperity under the management of the new president, Dr. W. S. Garrison.

Destructive Prairie Fire. Bassett, Neb., March 24.—A disastrous prairie fire is raging in Loup county. The fire originated in Rock county and driven by a high wind, burned a strip from five to ten miles wide from the south line of the county to the railroad near Newport, a distance of forty miles. Thousands of tons of hay, many residences, outbuildings and stock have been destroyed. The fire is still burning.

#### Political Gossip.

Joseph C. Brown announces today as a candidate for councilman in the Third ward subject to the republican primary. Mr. Brown is one of Seymour's best citizens. For seventeen years he has been in charge of the power plant at Blush's mill which is proof of his thorough reliability. He is an upright citizen, well informed on public affairs and would make an excellent councilman.

John A. Goodale has yielded to the wish of many friends and concluded to be a candidate for councilman from First ward subject to the republican primary. Mr. Goodale has been a resident of Seymour many years and has always shown himself to be a trustworthy and public spirited citizen. He served in the council several years and made an excellent councilman. He is a man of good judgment and when in the council gave close attention to the affairs of the city. Everybody knows that Mr. Goodale is well equipped for the duties of councilman.

Jesse Weaver has decided to be a candidate for councilman in the First ward subject to the republican primary. Mr. Weaver is well known to the residents of the city and is a straight forward reliable citizen. He is well informed and has all the qualifications that go to make a first class councilman. He would give careful attention to the interests of the city.

John W. Morton announces today as a candidate for councilman from the Fourth ward subject to the republican primary. He has been a resident of Seymour for fourteen years and has many friends. He is an industrious and upright citizen and would make a capable and reliable councilman.

J. W. Massman has decided to be a candidate for assessor of Jackson township, subject to the republican township primary election. Mr. Massman has lived in Seymour many years and has a wide acquaintance and many friends. He has frequently served as deputy assessor and is thoroughly familiar with the work of the office. He is well qualified and would make a good assessor.

At a meeting of the Fourth district democratic committee at North Vernon Wednesday it was decided to hold the congressional convention at Rising Sun, May 10.

Yes facts are what the people want, but the people are not depending on the Democrat for facts. Pipe dreams do not go for facts with an intelligent people.

NEWTON W. GILBERT, lieutenant-governor, has been nominated for congressman by the Twelfth district republicans. Here is hoping that he will be elected.

A GREAT many suspicious looking jugs and bottles were hauled out from here yesterday and today, but before the polls close tomorrow night they will all be empty.

THERE was a big wad of democratic boodle distributed here last night and today for use in the democratic primary tomorrow. It is the Brownstown ring against the Seymour ring and both rings are resorting to boodle in unsparing quantities.

MR. BRYAN offers \$100 for a democratic platform, and the following is accordingly submitted: "We were wrong in 1890, 1896 and 1900, but know we are right now, because we know we were wrong before. We therefore ask the American people for a vote of confidence and control of the government. N. B.—We point with pride to our future." Mr. Bryan may send a draft at his convenience. — Logansport Journal.

A FEW days ago our local contemporary showed that it was for Dr. Shields over Judge Wesner. Now one of the proprietors of that paper declares that "we are all for Dr. Shields here." More and more it becomes evident that the Democrat and the democratic machine that has controlled all the appointments under the present administration are doing their best to shut Wesner out. But Wesner continues his house to house canvass.

CHIEF JUSTICE FULLER was not among those that favored the decision of the supreme court on the great merger case. There is every reason to believe that the chief justice is sincere in his dissent, but if this man were a republican sitting at the head of this great tribunal there would be no end to the democratic innuendoes and insinuations that he was in league with the powers of darkness, otherwise known as the bloated corporations of the country. For it is just this sort of reckless charges that much democratic campaign capital is made of.

HUNTINGTON reports that subsidies for a railroad have been defeated in two neighboring townships. Indiana people have quit playing the short end of the get-something-for-nothing game. Capitalists who are a bit short of funds to carry out their projects will please note, and thus save time, trouble and expense.—Indianapolis News.

And just to think that Carl Wood, railway promoter and democratic candidate, ever went wrong on this proposition. But now that he wants votes he sees the error of his way on the subsidy question and says he is sorry, very sorry.

#### GIVEN DEATH PENALTY.

Jerry Duggins Sentenced to be Hanged July 8.

TERRE HAUTE, Ind., March 23.—For the murder of Mrs. Sarah Ramsey and her two children, Jerry Duggins will suffer death.

Shortly after 10 o'clock tonight, the jury reported its verdict to Judge Piety in the circuit court, finding the murderer guilty in the first degree and fixing his punishment at death. Judge Piety immediately rendered judgment, sentencing Duggins to be hanged to a tree sunrise on the morning of July 8 at the State prison in Michigan City. "All I have to say is that I thank you all," was the reply of the murderer after the verdict was pronounced. As the jury walked out of the court room he shouted, "That's all," bearing to the end his attitude of indifference.

The jury was out just six hours before arriving at a verdict. The case was submitted at 3:50 o'clock in the afternoon and at 9:50 o'clock Bailiff Himmelbauer was informed that a verdict had been reached. Duggins is the second murderer to receive the death penalty from a jury in the Vigo circuit court within a week. One week ago this morning Ben Springs, colored, was sentenced to be hanged for the murder of Jesse Case, also colored. Exactly one month from the time Duggins committed the triple murder he was sentenced.

Jerry Duggins and the Ramseys formerly lived in Seymour and the outcome of his trial has been closely watched.

**A Beautiful Window.** The Gold Mine has one of the most beautiful show windows ever seen in Seymour. Before a background of light green, purple baby ribbon arranged like lattice work is trimmed profusely with violets. In the foreground stands a figure draped with a costume of purple trimmed with white applique. The draping, done by the Gold Mine's dressmaker, is a bit of art, being formed from only one piece of goods. The window is attracting much attention and Mr. Kaufman is justly proud of it.

**Victim of a Swindler.**

A few days ago a boarding house at Columbus was victimized by a man said to be a representative of a safe and lock company. After he stayed a week he offered to pay his board with a ten dollar draft. This was accepted at its face value and the safe and lock man got \$6 in cash in return. The draft proved to be worthless.

The Columbus Republican says he worked the same trick at a boarding house in Seymour, but the bill here was finally collected through the safe and lock company.

Committee Has Been Authorized to Select Design and Let the Contract.

Indianapolis, March 24.—At a meeting of the directors of the Benjamin Harrison Memorial association at the Commercial club it was decided that the space that had been offered by the United States government for the monument should be accepted. This is between the new federal building and the sidewalk in East Ohio street. A sub-committee consisting of J. B. Elam, Charles W. Smith, H. J. Milliken, J. W. Kern and Evans Woolton, was appointed to select a suitable design for the monument, let the contract and complete the other details of the work. The monument will cost about \$40,000. A meeting of the sub-committee to discuss further plans will be called soon.

#### ARRAIGNED FOR MURDER

Louis Roth on Trial for Killing of Charles Koehler.

Boonville, Ind., March 24.—Louis Roth, who killed Charles Koehler, of this city, on the night of Jan. 16, and was released on \$5,000 bond under writ of habeas corpus, is on trial in the circuit court. Roth is a country boy, twenty-two years old, and bearing an excellent reputation. He attended a theatrical performance in this city on the night in question, and was "guyed" by Koehler who followed him to the sidewalk and assaulted him. Roth defended himself with his umbrella, jabbing Koehler in the eye, the point penetrating the brain and causing death. Roth went to his home, but, ascertaining that Koehler was dead, he voluntarily surrendered to the authorities, pleading self-defense. The victim was a miner, and the miners are pressing the prosecution.

**Duggins Sentenced to Hang.**

Terre Haute, Ind., March 24.—For the murder of Mrs. Sarah Ramsey and two of her children, Jerry Duggins will suffer death. Shortly after 10 o'clock last night the jury reported its verdict to Judge Piety in the circuit court, finding the murderer guilty in the first degree and fixing his punishment at death. Judge Piety immediately rendered judgment, sentencing Duggins to be hanged before sunrise on the morning of July 8 at the state prison in Michigan City.

**Had to Let It Burn.**

Bloomington, Ind., March 24.—A lamp exploded in the baggage car on the Louisville express train No. 3 at a point between Harrodsburg and Guthrie, and as there was no way of extinguishing the blaze, the car was separated from the train and was totally consumed with contents, including baggage and express matter.

**"Rough House" in a Church.**

Evansville, Ind., March 24.—As a result of factional differences in the Nevada street Baptist church, the Rev. Wesley Smith, pastor, has been fined for provoke, in calling one of his women parishioners a liar, while George Reinert, deacon, was similarly penalized on an assault and battery charge for striking the preacher.

**Demands Were Rejected.**

Brazil, Ind., March 24.—At the joint meeting of the operators and miners of the block coal district, in session here, the miners presented a list of demands embracing their wants for the coming two years. The operators refused to grant the demands. One of them said that all the demands were unreasonable and could not be considered. The miners are still in session. It is believed there will be no trouble, as all demands were unimportant.

## GROWS IN INTEREST

### Does the Revival at the Holiness Christian Church

A large audience that nearly filled the church, attended the revival services at the Holiness Christian church last night. Mr. Cornell, the evangelist, preached a strong sermon on "Being born of God" from the text, John 1: 11-13. "He came unto his own, and his own received him not. But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name: which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God."  
Mr. Cornell said, that to eliminate the supernatural from religion we have nothing left but the drest kind of realism. The bible declares positively that there is but one way of getting into the kingdom of Heaven that is, by being born into it. Spiritual regeneration is as positive as physical generation. The new birth is a divine provision carrying with it a changed relationship both toward God and man, and be that undertake to climb up any other way is a thief and a robber.  
The large audience gave rapt attention and it was evident that the truth found lodgment in many hearts. Today the people observed fasting and prayer and another great meeting is anticipated tonight.

## SYSTEM IN SAVING.

### The Margin Between Success and Failure in Finances.

"I have never been able to save much money out of my earnings" is a remark often heard. The trouble is not with the earnings for many men who make less money have been able to accumulate some property. The trouble is a lack of systematic laying aside of a portion of the money made. Such an opportunity is offered each one of our citizens by the Co-operative Building and Loan Association twice each year as its new series

of stock are started. Any number of shares may be taken from one up, on which payments may be made of twenty-five cents per share per week. This gives everybody the opportunity to save as much or as little as they like so it is done regularly. And at the end of about six years, almost before you realize it the stock has matured and you receive one hundred dollars for each share of stock carried,—a snug lump of money, where nothing would have been saved under the old lack-of-system method. The systematic saving makes the difference between the man who accumulates and the man who is always out of money.

If you want to buy a home you cannot do better than pay for it in this way. The Association will loan enough to complete the purchase after you have made a first payment on the property of sufficient amount to secure their loan. You pay the interest at the dues in small weekly installments and without feeling the load materially you have in a few years paid for your home.

The Co-operative is one of the strongest building associations in Indiana and you make no mistake in investing in the new series which starts Monday, April 4. See the secretary, W. F. Peter, for particulars.

## S. I. Wins.

Judge Wilson has decided Southern Indiana Express Co. vs. American Express Co. in favor of the plaintiff. The case was tried early in the term and taken under advisement. The suit was brought three years ago to compel the American Express Company to do business with the Southern Indiana. The court granted an injunction requiring the companies to exchange business on equal terms. A case was brought by the State to recover a \$500 penalty against the American Ex. Co. for violating the law in this regard. It was tried at this term. The jury hung, standing ten to two for conviction.—Bedford Mail.

and it is MUCH CHEAPER. There are several different springs, having different curative properties.

For Stomach, Liver, Kidney and Bowel troubles and their attendant nervous affections, these waters have produced wonderful results. They allay gastric irritation, render soluble in the body substances that are harmful, and thus free the body of them. Their action on the kidneys and bowels, as well as on the skin, corrects the acidities due to various kinds of fermentation in the body.

An excellent adjunct to these waters is the good air and the opportunity for exercise in the open.

### Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, sours and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, remember the name, Swamp Root. Dr. Kilmer's Swamp Root, and the address Binghamton, N. Y., on every bottle.

### Women as Well as Men Are Made Miserable by Kidney Trouble.

The police authorities here are making arrangements to protect the property of citizens owning vacant houses or of people who may go away for summer vacations leaving the places unwatched. In the past years, especially during the vacation period, sneak thieves have made good hauls in this city by breaking into the unoccupied houses and cutting out the lead plumbing, tearing away brass and copper fittings and otherwise wreaking havoc. Mayor Holtzman hopes to prevent this. Accordingly orders have been issued to the police to keep a watch on all junk dealers and to arrest any man found with brass, copper or lead for which he cannot give satisfactory explanation.

### THE STATE ACTS

#### Colorado Finds It Necessary to Place Troops on Guard.

#### UNDER MARTIAL LAW

##### Two Counties Admit Their Inability to Preserve Order and Keep the Peace Properly.

##### Trinidad and Telluride are Now the Scenes of Camps of Armed Troops.

Telluride, Colo., March 24.—An order declaring San Miguel county to be under martial law was read here last night. Some of the deported union miners have returned to their homes here.

Trinidad, Colo., March 24.—When the special train bearing 380 members of the National Guard arrived here, the coming of the troops caused absolutely no excitement. Camp was established in this city and detachments were sent out to various coal camps to relieve the mine guard employed by the coal companies who have been drawing \$5 a day each.

Immediately upon arrival Maj. Hill read his first general order, placing the entire county under martial law, ordering all saloons, dance halls and other resorts of a questionable nature to close at 9 p. m. daily. All citizens having firearms in their possession are requested to register them immediately with the militia authorities, and the sale of fire arms and ammunition in the county is absolutely forbidden.

The mine owners have insisted for months past that they could not get men to operate their properties because non-unionists were afraid to go to work unless afforded military protection. Sheriff Clark finally was induced to join the request for troops on the ground that he could no longer control the situation.

Good order prevails throughout the county so far as reported.

#### LAX DIVORCE LAWS

##### Form the Subject of Action by Joint Church Conference.

New York, March 24.—Twelve denominations are represented here in the third session of the inter-church conference which for over a year has been considering means to stay the evils due to the existing divorce laws. The following resolution was passed: "Resolved: That in recognition of the comity which should exist between Christian churches, it is desired and would tend to increase the spirit of Christian unity to advise, and if ecclesiastical authority will allow, to enjoin its ministers to refuse to unite in marriage any person or persons whose marriage such ministers have good reason to believe is forbidden by the laws of the church in which either party seeking to be married holds membership."

The committee on legislation charged with the framing of a national divorce law reported that as yet it is unable to determine the best method of securing legislative harmony or whether it is best to secure the passage of an amendment to the constitution of the United States or endeavor to secure unity of action by the state legislatures and the report was recommended. The executive committee was authorized to prepare and issue a declaration and appeal to the public as to the sanctity of marriage and the grave dangers in the frequency of divorces.

#### Gilbert Secures Nomination.

Fort Wayne, Ind., March 24.—Lieut. Gov. Newton W. Gilbert was nominated by district Twelve Republicans Wednesday for congress. There had been a warm, but good-spirited fight on in the district for the nomination, the opponents to Gilbert being Clarence Williams, Orville Carver, and Dr. G. B. McGowan. The resolutions endorsed national, state and local administrations and pledged the district to the election of Senator Beveridge. Senator Fairbanks was mentioned as "a man destined for higher honors to which he is eminently fitted."

#### Murphy Loses His Job.

Muskogee, I. T., March 24.—A private dispatch from Washington says the secretary of the interior has ordered Creek Chief Porter to take immediate action in the dismissal of A. P. Murphy, the Creek national attorney. Porter had already served notice on Murphy to quit and Murphy has made reply, stating that Porter has no power to dismiss him.
